Dear Sarah Rogers,

Please find attached your assessment report - for any questions or suggestions and the invoice and later the web listing should follow. Thank you.

Mac Arandell Hand Sanitiser

- Product description: hand treatment, sanitiser
- Product use: for food/ beverage/ dairy farm & factory hands with incidental food contact
- Status - passed new AsureQuality assessment cost 2 hours \$320 + GST for 2 hours. Sarah please advise changes to draft-in- lieu label and SDS shortly as appropriate.

"Passed AsureQuality assessment for food / beverage / dairy farm & factory hands with incidental food contact" H4315 with conditions. This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See <http://assessedproducts.asurequality.com>. This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions –

- Used per instructions, legislation, & GMP for food areas, for hands with incidental food contact. Carry-over to food should be minimised to ensure food function or composition are not affected, that residues are within applicable limits and that food legislation requirements are met.
- The assessment is subject to notification of change and expires on 26/03/2025.
- The full report is attached for supplier review and verification. The assessment is activated by countersigning & inclusion of assessment precautions / assessment statement / MPI dairy precautions statement.
